SP8044 – 2024/25 (review)

Foreword

Welcome to our Consultants & Services Directory.

As Chief Executive of St John & St Elizabeth Hospital it is my honour to highlight the uniqueness of our establishment and how you play a part in our story.

Firstly, I am pleased to announce the Hospital has expanded its paediatric department into a new, private, family clinic at the front of the hospital. The facility provides eight private consulting rooms, two treatment rooms and a private reception waiting area with child friendly playroom. This expansion allows us to serve more of the community and provide the highest standard of care in the new facilities.

As many of you will be aware, we are a private healthcare provider, but we are also a charity. St John's Hospice sits in the centre of our hospital, both physically and ethically. This means all our income from the Hospital is used to support our Charitable objects and any surplus goes directly to our Hospice.

St John's Hospice provides quality, holistic care to people living with life-limiting illnesses and their families. As well as the Inpatient Unit and Wellbeing Centre located within the Hospital, we work out in the community, in people's homes, providing care to more than 4,000 people each year across North West and North Central London.

So, every time you send a patient to us, we can help more people when they need it most.

Every referral we receive from a primary care professional like yourself, not only allows us to continue providing care to your patients, but also helps to fund our on-site hospice, St John's.

Thank you again for supporting our Charitable Hospital,

With my best wishes,

Simon James, CEO

About us

For Primary Care clinicians

Every referral from one of our GP or AHP partners contributes to running St John's Hospice. This is why engagement with our local medical community is of the utmost importance. We provide a range of free services to all primary care clinicians:

CPD Education Programme

Our well-established webinar programme regularly sees attendees join twice a month for CPD accredited online learning events.

Subscribe here and stay up-to-date with upcoming online and in-person events.

GP Liaison

E gpliaison@hje.org.uk

T 0207 370 1012 (Option 7)

CPD Hour (One Hour)

Earn one CPD hour on a weekday evening.

CPD Masterclass (Two Hours)

Two CPD hours are awarded for a deeper dive into specific topics.

CPD Annual Symposium (Six Hours)

Gain up to Six CPD hours on a Saturday.

For our referring partners

If your practice is within our local area, we may also be able to provide these special benefits:

Basic Life Support

We can arrange for a trainer to visit your practice to give Basic Life Support (BLS) level 1 and level 2 training to both clinical and non-clinical staff.

Practice-based CPD

We provide focused and intimate lunch & learns for your practice with our field-leading specialists. You decide the format that suits your practice's individual needs.

Please contact our GP Liaison team on gpliaison@hje.org.uk or call **0207 432 8326**.

For consultant specialists

Our Practising Privileges team works to promote clinical excellence and supports our consultants in delivering the highest levels of patient care.

If you are considering an application for practising privileges at St John & St. Elizabeth Hospital, please contact the Practising Privileges team directly. Include a cover letter in your application, with an outline of your proposed scope of practice addressed to our CEO, Simon James.

Practice Privileges

E Practising.Privileges@hje.org.uk

T 0207 806 4096

Based on your area of specialty, our team will be able to guide you further and help facilitate your application. Applications will be reviewed at our quarterly governance committee meeting.

You will then be invited to a meeting to discuss your application. If supported by the CEO, the Medical Advisory Committee will consider your application for practicing privileges.

If your application is successful, our compliance team will assist in maintaining your regulatory documentation throughout your time with us

Please get in touch if you would like to discuss the process further.

A brief history

The UK's leading independent hospital

Founded in 1856 under the care of the sisters of Mercy, an order of nuns who worked with Florence Nightingale in the Crimean War, our hospital pioneered the use of advanced nursing techniques to help the sick, the dying and the needy in the local community.

Now, all these years later, our ethos remains at the heart of what is regarded as a unique London hospital. We are a private hospital but are also a registered charity. This means we use our income to support our charitable objects and give any surplus directly to our hospice.

Our organisation takes great pride in our heritage, which assures patients of a commitment to care and compassion in the delivery of their healthcare.

St John's Hospice is the main beneficiary of St John & St Elizabeth Hospital. In addition to providing financial support, our relationship is crucial to the unique model of care the hospice can provide to patients.

All X-rays, Pathology, and Pharmacy are delivered on-site, enabling us to offer a streamlined experience for our patients. The aim of both is the same now as it was nearly 170 years ago – to provide the highest quality care for those who need it most.

Our staff

Nursing excellence

Our hospital strives to be the premier option for patients seeking the highest quality healthcare. At the centre of this is our nurses. We are renowned for our exceptionally high standards of nursing care and are constantly striving to improve our patients' experience. In our 2022 and 2023 patient satisfaction surveys, nearly 98% rated their experience of our service as 'Good' or 'Very Good.'

Field leading clinicians

From our specialist therapies team to our surgeons, our clinicians are of the highest standard. Each of our specialist consultants are experts in their field. The feedback in our patient satisfaction surveys has consistently highlighted that over 99% of patients are 'likely or extremely likely,' to recommend our consultants.

Putting people first

All our staff provide exemplary care to each patient, and when you walk around our hospital, you will quickly notice the warm and welcoming atmosphere. Our team is close-knit, and works together to always go above and beyond for each and every patient.

The overwhelmingly positive results of our recent patient satisfaction survey show how everything we do is centered on putting people first.

St John's Hospice

St John & St Elizabeth Hospital

St John's Hospice is part of the charitable St John & St Elizabeth Hospital. We provide quality, holistic care to people living with life-limiting illnesses and their families.

We celebrate and amplify life, enabling people to live well for as long as possible. We create moments of joy and compassion both inside and outside of our hospice and work to ensure that each of our patients and their families are supported through every aspect of their journey.

As well as our Inpatient Unit and Wellbeing Centre located within the hospital, we work out in the community, in people's homes, providing care to more than 4,000 people each year. Our services include community care, Hospice@Home, day services, inpatient care, social and welfare support, therapies and bereavement support.

All our care is provided completely free of charge and is available to anyone aged 18 or over living in one of our catchment areas within North and North West London.

Referrals to St John's Hospice

We accept referrals made by a patient's GP, hospital doctor, nurse specialist and community nurse or by other professionals working across health and social care services.

To find out more about St John's Hospice, our care and referrals process, please visit www.stjohnshospice.org.uk. Alternatively, please call us on **020 7086 4040** or email hospice.info@hje.org.uk.

Urgent Care Clinic

St John & St Elizabeth Hospital

Urgent Care Clinic

- Our walk-in Urgent Care service is to treat minor non-life-threatening injuries and illnesses for adults and children from the age of one.
- The new clinic is based next to our upgraded imaging department, so patient access to this service is simple and streamlined. This is making a huge difference to patients who need urgent help or who have difficulty walking.
- £120 – consultation with a doctor

Our Urgent Care Clinic

Call now: **0207 432 8300**

Email: **ucc@hje.org.uk**

Walk-in service
(no appointment required)

Monday to Friday 8am - 7pm
Saturday to Sunday 8am - 5pm

London Foot And Ankle Centre

**LONDON
FOOT AND
ANKLE CENTRE**

The London Foot and Ankle Centre (LFAC) was founded in 2003 by respected surgeon Mark Davies, who wanted to improve treatment standards by creating a service concentrating wholly on the foot and ankle. At that time, foot and ankle surgery was in the early stages of development as a distinct specialty in the UK.

Today, LFAC is an internationally renowned clinic, attracting patients from around the world and working with Premier League football clubs, UK Athletics and many more elite sports people. While other specialist services have been established over the years, LFAC remains distinctive in terms of its longevity, scale and reputation as a leader in foot and ankle treatment.

Services include:

- | | | |
|-----------------------------|----------------------------------|---------------------------------|
| • Achilles tendon rupture | • Deformed toes | • Plantar fasciitis - heel pain |
| • Achilles tendonitis | • Flat feet | • Sports injuries |
| • Ankle osteoarthritis | • Hallux rigidus - stiff big toe | • Tendinopathy |
| • Bunions - hallux valgus | • Metatarsalgia - forefoot pain | |
| • Chronic ankle instability | • Midfoot arthritis | |

The LFAC consultants: Matthew Solan, James Davis and Martin Klink.

Call now: **020 7806 4060** Email: enquiries@tlfac.co.uk

G

The GI Clinic is a multi-disciplinary group comprised of Gastroenterologists, Upper and Lower GI Surgeons, Radiologists and Oncologists. The GI Clinic's consultants hold senior positions in London's top teaching hospitals, bringing vast expertise and experience to the clinic.

Our aim is to provide the best facility available for patients seeking treatment for gastrointestinal conditions including irritable bowel syndrome, Crohn's disease, gallstones, pancreatitis and ulcerative colitis. As well as common GI conditions, the clinic offers highly effective gastric balloons and banding options.

Services include:

- Bowel cancer screening
- Incontinence
- Rectal bleeding clinics
- Direct access colonoscopy
- One-stop dyspepsia clinics
- Open access gastroscopy
- 256-Slice CT Scanning / virtual colonoscopy
- 3 tesla and 1.5 tesla MRI scanners

Call now: **020 7806 4060** Email: gi.unit@hje.org.uk

Gynaecology

The Gynaecology Clinic offers a comprehensive service for private gynaecological assessment and treatment. Our holistic approach to healthcare means that we always put the physical, mental and spiritual needs of the patient at the forefront of everything we do.

Appointments are offered to patients within 24 hours, with clinics available Monday to Saturday, as well as out of hours for emergency appointments. Our consultants are not only trained to the highest standards but have carried out countless successful procedures between them.

Services include:

- Abnormal smear test (pap test)
- Abnormal uterine bleeding
- Endometriosis
- Fibroids
- Incontinence
- Menopause
- Pelvic and vaginal pain
- Polycystic ovaries
- Prolapse
- Vulval problems
- Gynaecology checks and screening

Our specialists are also qualified obstetricians, covering:

- Early pregnancy problems
- Maternal medical disorders
- Pregnancy scanning
- Postnatal problems
- Recurrent miscarriage

Private GP Practice

We offer the finest local GP care. Once your patients register with us, they will receive a personal, one-to-one approach, ensuring they are never left without cover. Our exemplary service ensures our patients are seen promptly, accurately assessed, and properly treated.

Patients will be allocated an appointment quickly in our superbly equipped consulting rooms, at their convenience, with one of our highly experienced GPs, who are all members of the Royal College of General Practitioners.

Consultations start from £100 (dependent on GP selection).

Saturday appointments are available between 9am and 1pm.

Services include:

- A comprehensive range of medical services, including extended consultation times with each doctor
- Obstetrics shared care, paediatric care, children and adult travel vaccinations and minor surgery
- A rapid and efficient referral service, under one roof
- Home visits and out of hours services, by appointment
- Access to all the back-up facilities of a technologically advanced hospital
- In-house pharmacy

Call now: **020 7806 4060** Email: privategp@hje.org.uk

Hand & Wrist

Our Hand & Wrist Clinic is a leading specialist in conditions of the hand and wrist, as well as hand rejuvenation treatment. The clinic provides same day appointments and specialist hand consultants who have a wealth of experience in treating a wide range of conditions.

The clinic is formed of specialist consultants who can treat almost any condition of the hand and wrist.

Our specialised hand therapy services work closely with our consultants to fully support a patient's recovery.

Services include:

- Dupuytren's contracture
- Breaks and fractures
- Sprains and strains
- Carpal tunnel syndrome
- Trigger finger
- Tendon injury

Call now: **020 7806 4060** Email: lhwspecialist@hje.org.uk

Hernia

Our Hernia Clinic treats a wide range of hernias. We use the very latest techniques such as mesh free repair, keyhole surgery (laparoscopic) and stitching.

Unlike other hernia centres, our team of expert consultants includes specialists that dedicate themselves solely to the treatment of hernias. As a result, they have unrivalled experience in assessing, diagnosing and treating hernias.

Hernia types treated:

- Hiatus
- Inguinal
- Umbilical
- Femoral
- Incisional
- Spigelian
- Epigastric

Call now: **020 7806 4060** Email: londonhernia@hje.org.uk

Hip

Our specialists provide a dedicated service to patients with hip problems. We have a reputation for excellent standards of hip surgery and expertise, supported by superb nursing and physiotherapy specialising in hip conditions. With access to state-of-the-art surgical facilities, the Hip Clinic offers expert diagnosis, intervention and aftercare.

We are proud of the reputation of our Hip Clinic for conducting minimally invasive hip replacements and for getting patients back to full functionality fast.

Services include:

- Arthritis
- Fractures & trauma
- Inflammation
- Muscle strains
- Tendonitis

Call now: **020 7806 4060** Email: londonhipspecialists@hje.org.uk

Imaging

Our cutting-edge digital facilities provide state-of-the-art technology and offer our patients the very best in modern imaging.

We have a brand-new Imaging Department, which provides us with a full suite of cutting-edge radiology equipment, tailored around bariatric and claustrophobic patients.

Services include:

- **General radiography:** A full range of plain film skeletal radiography using low dose digital radiography
- **Breast imaging:** Full field digital mammography, breast ultrasound, fine needle aspiration and breast biopsy, breast MRI
- **Digital fluoroscopy:** Barium studies, GI tract, pain management procedures
- **Interventional procedures:** Biopsy, aspiration, drain insertion and pain management procedures under X-ray, ultrasound or CT control
- **Ultrasound scanning:** Routine abdominal and pelvic scans, transrectal prostate scanning, transvaginal pelvic scanning, musculoskeletal scanning, ultrasound guided biopsy, ultrasound pain management/joint injections
- **Non-invasive vascular assessment (Ultrasound):** Venous and arterial assessment of the arms and legs, carotid vessels and aorta using colour doppler ultrasound
- **Magnetic resonance imaging (MRI):** 3 tesla and 1.5 tesla magnet scanners for a wide range of examinations including joint imaging, neuro and spinal imaging, breast imaging, abdominal and pelvic imaging
- **Multislice spiral computerised tomography (CT):** 256 slice CT scanner with a wide range of applications including virtual colonoscopy, CT angiography, specialist cardiac investigations including calcium scoring and cardiac CT angiography, CT urography, PedCat weight bearing CT

St John & St Elizabeth Hospital

Patient seen for: **Sciatica** **Back Pain** **Lower Back Pain**

My experience at St John & St Elizabeth Hospital was exceptional. I could not give a higher rating and recommendation than 10/10 - if possible I would give a 100/10 rating. From the moment I entered the hospital entrance to the moment I left I felt welcome and under the best care possible. The staff and all teams made what was a daunting and scary surgical procedure very easy, care free, leaving me relaxed and feeling great. I left two days after surgery and the whole process even post care nursing check ups were exceptional.

Breast

Mr Muhamed Al-Dubaisi

MBCHB FRCS DGS

Consultant Breast Surgeon

Special Interests Benign and malignant breast disease.

NHS Barnet and Chase Farm Hospitals NHS trust

Adult/Paediatric A

Mr Arunmoy Chakravorty

Hon Clinical Senior Lecturer, Imperial College London

Consultant Oncoplastic and Cosmetic Breast Surgeon

Special Interests One stop clinics, breast pain management, breast genetics and risk reduction surgery, breast cancer, oncoplastic surgery, perforator flaps and reconstructive surgery, augmentations and reductions, symmetry surgery and complex corrective breast surgery.

NHS Mount Vernon Hospital, North West London

Adult/Paediatric A

Miss Jasdeep Gahir

MB ChB. MRCS FRCS

Consultant Oncoplastic Breast and General Surgeon

Special Interests Breast one stop clinics for breast pain, lumps, nipple discharge, genetics-risk reducing surgery, breast screening, benign breast conditions, breast infection, breast reconstruction and breast conserving, mastectomy with reconstruction implant, mammoplasty, pedicle flap-LD, nipple reconstruction, axillary node surgery, sentinel node biopsy. Liaise with plastic surgery for flap surgery. Expert in local anaesthetic surgery.

NHS North Middlesex University Hospital NHS Trust

Adult/Paediatric A

Mr Neil Johns

MBBS MD FRCS

Consultant Oncoplastic and Reconstructive Breast Surgeon

Special Interests Breast surgery, breast lumps, breast pain, breast cancer, nipple discharge, family history of breast cancer, breast infection, breast reconstruction, benign breast conditions, breast surgery, oncoplastic breast surgery, risk reducing surgery.

NHS East and North Hertfordshire NHS Trust

Adult/Paediatric A

Mrs Jacqueline Lewis

FRCS (Glasg) FRCS (Plast)

Consultant Plastic Surgeon

Special Interests Breast cancer conservation surgery and reconstruction, mastectomy and reconstruction (implants, flaps, nipple-areola reconstruction and tattooing), sentinel node biopsy, axillary surgery, benign breast lumps, skin lesions. Breast augmentation, and more (see website).

Adult/Paediatric A

Miss Cheryl Lobo

BSc(Hons) MBBS(Hons) FRCS

Consultant Breast and Oncoplastic Surgeon

Special Interests Early detection of breast cancer; Breast screening; Breast conservation; Mastectomy with immediate reconstruction and symmetrisation; Neo adjuvant strategies; Benign breast disease- Breast pain and Breast lump; Family history of breast cancer; Risk reduction surgery; Breast infection- lactational and granulomatous mastitis; Breast sarcoma; Angiosarcoma- primary and radiation induced; Phyllodes- benign, borderline and malignant

Adult/Paediatric A

Mr Peng Tan

MBBS MSC MRSC DIC PHD MD
FRCS (GEN SURG)

Consultant Oncoplastic Breast Surgeon

Special Interests Breast lump investigation, single-dose intraoperative radiotherapy (sd-iort) for early stage breast cancer, sentinel lymph node biopsy and lymph node removal, breast lump removal, breast reconstruction following mastectomy, and more...

Adult/Paediatric A

Cardiology

Professor Roby Rakhit

BSc MD FRCP FESC

Consultant Interventional Cardiologist

Special Interests General and interventional cardiology.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Dr Shankar Sridharan

MBBS BSc MRCPCH CCST

Consultant Fetal and Paediatric Cardiologist

Special Interests Heart murmurs in children, structural heart disease, child chest pain, congenital heart disease in children and echocardiography.

Adult/Paediatric P

Dr Carol Jane Whelan

MB ChB MD FRCP FESC

Consultant Cardiologist

Special Interests Coronary artery disease, heart failure, valvular heart disease, stress echocardiography, transoesophageal echocardiography, cardiac amyloidosis.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Dr David Brull

MBBS BSc MD FRCP

Consultant Cardiologist

Special Interests General cardiology, percutaneous coronary intervention (pci) for the treatment of coronary artery disease, cardiopulmonary exercise testing in perioperative risk assessment for patients prior to elective general and bariatric surgery.

Adult/Paediatric A

Dr Richard Carroll

MB ChB MRCP Mphil

Consultant Cardiologist

Special Interests General and interventional cardiology, (coronary angioplasty and stenting) and management of angina. Dual accredited in acute internal medicine. Specialising in non-invasive cardiac imaging test using CT coronary angiography and cardiac CT.

Adult/Paediatric A

Dr John Gerard Coghlan

MD FRCP

Consultant Cardiologist

Special Interests Invasive cardiology, pulmonary hypertension, connective tissue disease associated heart disease.

Adult/Paediatric A

Dr Joseph Davar

MD PhD FRCP FACC

Consultant Cardiologist and Hon Assoc Professor (RFH and UCL)

Special Interests Non invasive diagnosis and management of cardiac pathologies. Non invasive cardiac investigations: Echo, Stress echo (Treadmill Stress Echo, Dobutamine Stress Echo, Pacing Stress echo, Dobutamine-Pacing Stress Echo), Cardiac CT (CT coronary angiography and CT for Heart Valve Disease). Pathologies: coronary artery disease, heart valve disease, heart failure, hypertension, cardiomyopathies (dilated, hypertrophic etc.). Chemotherapy induced cardiomyopathy and carcinoid heart disease.

Adult/Paediatric A

Dr Oliver Guttman

MA (Cantab) MBBS (London) FRCP (UK) FESC MD (Res) Dr.med.

Consultant Cardiologist

Special Interests General adult cardiology (chest pain, shortness of breath, palpitations, high blood pressure, high cholesterol). Cardiomyopathy and coronary interventions (coronary angiography and stenting). Myocarditis.

Adult/Paediatric A

Cardiology

Dr Anna Herrey

MD PhD FRCP

Consultant Cardiologist

Special Interests General cardiology and cardiac imaging (cardiac MRI, stress imaging), obstetric cardiology (pre-conception counselling, cardiac problems in pregnancy), heart muscle disease (cardiomyopathy).

Adult/Paediatric A

Dr Paramjit Jeetley

MBChB MD MRCP

Consultant Cardiologist

Special Interests General cardiology, echocardiology, valvular heart disease, heart failure.

Adult/Paediatric A

Dr Tushar Kotecha

PhD MBChB MRCP(UK)

Consultant Cardiologist

Special Interests General cardiology (chest pain, shortness of breath, palpitations, high blood pressure, high cholesterol, heart attack, acute coronary syndromes), interventional cardiology (coronary angiography and stenting), pulmonary hypertension.

Adult/Paediatric A

Dr Tim Lockie

MBChB BSc (First Class Hons) PhD MRCP FESC

Consultant Cardiologist

Special Interests Ischaemic heart disease, chest pain, angina, myocardial infarction, heart failure and revascularisation, stenting, angioplasty, heart attack, general cardiology, arrhythmia management, palpitations, dizziness, shortness of breath, syncope, hypertension, secondary prevention.

Adult/Paediatric A

Dr Joseph Tomson

MD FRCP

Consultant Cardiologist

Special Interests Cardiac arrhythmia, implantation of cardiac devices and pacemakers, evaluation of loss of consciousness (syncope), atrial fibrillation and heart failure.

Adult/Paediatric A

Clinical Neurophysiology

Dr Carla Cordivari

FRCP

Consultant in Clinical Neurophysiology and Neurology

Special Interests Specialist in Neurology and Consultant in Clinical Neurophysiology.

NHS University College London Hospitals
NHS Foundation Trust

Adult/Paediatric A

Colorectal & GI

Mr Panagiotis Drymoussis

Consultant General Surgeon

Special Interests Laparoscopic and upper gastrointestinal surgery, hernia surgery (mesh and no mesh repairs), gallbladder surgery, dyspepsia, acid reflux, emergency surgery and day case surgery.

NHS London North West University Hospital NHS Trust

Adult/Paediatric A

Mr Lee Dvorkin

MBChB MD FRCS

Consultant Laparoscopic and General Surgeon

Special Interests All aspects of benign and malignant colorectal pathology, hernias, gallstones, colonoscopy and ogd, skin lesions, bowel cancer screening, IBS.

NHS North Middlesex University Hospital NHS Trust

Adult/Paediatric A

Mr Majid Hashemi

MB ChB FRCS (Gen)

Consultant Upper GI and Bariatric Surgeon

Special Interests Anti-reflux surgery, hernia repair, bariatrics, upper GI.

NHS Royal Free London NHS Foundation Trust,
University College London

Adult/Paediatric A

Mr Asif Haq

MBBCh BAO NUI LRCP SI FRCS

Consultant Colorectal Surgeon

Special Interests Laparoscopic colorectal surgery for bowel cancer, diverticular disease, IBD, haemorrhoids, anal fistulae, rectal prolapsed and pilonidal disease. Minimal access hernia repairs, colonoscopies, revision surgery.

NHS Kings College Hospital NHS Foundation Trust

Adult/Paediatric A

Colorectal & GI

Professor Patrick Kennedy

MB BCH BAO BMEDSCI FRCP MD

Consultant Hepatologist and Gastroenterologist

Special Interests Reader in hepatology, consultant gastroenterologist and hepatologist. Fibroscan, alcohol, fatty and viral liver disease. Abdominal and gallstone pain. Endoscopy and ECRP.

NHS Barts Health NHS Foundation Trust

Adult/Paediatric A

Mr Martin Kurzer

FRCS

Consultant Surgeon

Special Interests Hernia surgery.

Adult/Paediatric A

Dr Anthony Lerman

FRCP

Consultant Gastroenterologist

Special Interests Capsule endoscopy; coeliac disease, IBD, IBS; bloating, pain, anaemia; Upper GI: reflux, swallowing problems, indigestion; Lower GI: diarrhoea, constipation, bleeding; unintentional weight loss; OGD and colonoscopy.

NHS Whittington Health NHS Trust

Adult/Paediatric A

Dr Sheena Mankodi

MBBS BSc MRCP

Consultant Gastroenterologist

Special Interests Upper GI symptoms, reflux, heartburn, issues with swallowing, lower GI symptoms, bleeding, constipation, bloating and anaemia.

NHS Whittington Health NHS Trust

Adult/Paediatric A

Mr Hasan Mukhtar

FRCS

Consultant General and Colorectal Surgeon

Special Interests General and colorectal surgery.

NHS Whittington Health NHS Trust

Adult/Paediatric A

Mr Romi Navaratnam

MSc MS FRCS

Consultant Hernia and GI Surgeon

Special Interests Colonoscopy (bowel cancer concerns) and endoscopy. Common peri anal conditions, including rectal bleeding and haemorrhoids. Laparoscopic (minimally invasive) surgery for gallbladder, herniae and colorectal cancer, hernia surgery, sports hernia and gilmore's groin.

NHS North Middlesex University Hospital NHS Trust

Adult/Paediatric A

Dr Clive Onnie

MSc PhD FRCP

Consultant Gastroenterologist

Special Interests Functional bowel disorders (IBS), abdominal pain, diarrhoea, constipation, bloating, inflammatory bowel disease (IBD), colitis, Crohn's disease, endoscopic procedures, gastroscopy, colonoscopy.

NHS Whittington Health NHS Trust

Adult/Paediatric A

Dr Deepak Suri

BSc MD FRCP

Consultant Gastroenterologist

Special interests: General gastroenterology and hepatology. Endoscopy, colonoscopy, fibroscan. Dyspepsia, change in bowel habit, rectal bleeding, abnormal liver function tests and fatty liver.

NHS Whittington Health NHS Trust, University College London Hospitals Trust

Adult/Paediatric A

Colorectal & GI

Mr Debasis Majumdar

M.B.B.S (Hons), M.D, F.R.C.P, F.R.C.P.S.G, M.D (Durham University)

Consultant Gastroenterologist

Special Interests Advanced diagnostic and therapeutic gastroscopy and colonoscopy, E.R.C.P, EUS,

Adult/Paediatric A

Mr Massimo Varcada

MBBS MD FRCS FEBS (Coloproctology)

Consultant Colorectal Surgeon

Special Interests General and colorectal surgery. Benign gastrointestinal diseases. IBD and colorectal cancer. Upper and lower glendoscopy. Proctology (incontinence, Thd haemorrhoidectomy, fissures) AIN screening.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Dr Roser Vega

Consultant Gastroenterologist

Special Interests Colon cancer screening, advanced therapeutic of colonic neoplasia, inflammatory bowel disease, coeliac disease.

NHS University College London Hospitals Trust

Adult/Paediatric A

Dr Voi Shim Wong

BSc MB ChB MD FRCP

Consultant Gastroenterologist

Special Interests Dyspepsia, IBS, colitis, liver disease, bowel cancer screening, endoscopy, bleeding PR, abdominal pain, change in bowel habits, colitis, abdominal bleeding and flatulence.

NHS Whittington Health NHS Trust, Honorary Consultant at University College Hospital Trust

Adult/Paediatric A

Mr Paul Ziprin

MB BCh MD FRCS (Gen Surg)

Consultant Colorectal, Laparoscopic and General Surgeon

Special Interests General and laparoscopic surgery including gallstones and hernias. Aspects of colorectal problems including piles, bowel cancer, inflammatory bowel disease.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Dermatology

Dr Galia Fishman

MBBS MRCP (derm) DCH

Consultant Dermatologist

Special Interests All aspects of benign and malignant skin lesions and conditions requiring complex management (systemic and biological therapy)

Adult/Paediatric A

Dr Karolina Gholam

MBBS MSc FRCPCH SCEderm

Paediatric and Adolescent Dermatology Consultant

Special Interests All aspects of paediatric and adolescent skin conditions.

NHS Great Ormond Street NHS Foundation Trust

Adult/Paediatric P

Dr David Harris

FRCP

Consultant Dermatologist

Special Interests Acute dermatology rashes, acne and wart therapy, mole surveillance, skin cancer, MOHS surgery, skin lasers, scarring and pigmentation.

Nephrology

Dr Peter Dupont

MB BCh BAO (Hons) LRCSI LRCPI MRCPI DIC
PhD FRCPI

Consultant Nephrologist and UCL Honorary Associate Professor

Special Interests Chronic kidney disease, kidney transplantation.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Neurology

Dr Anupam Bhattacharjee

BSc PhD MBBS MRCP(UK)

Consultant Neurologist

Special Interests General neurology, neuromuscular disease including peripheral nerve disease, headache and neuropathic pain, neuro-inflammatory and neuroimmunological disease including ms, blackouts, dizziness and balance disorders, parkinson's disease and other movement disorders.

Adult/Paediatric A

Professor Jeremy Chataway

MA PhD FRCP

Consultant Neurologist

Special Interests General neurology including headache, stroke, multiple sclerosis.

Adult/Paediatric A

Mr Nicholas Haden

MA (Cantab) MB BChir

Consultant Neurologist

Special Interests Minimally invasive and navigated spinal surgery, craniovertebral pathologies, Chiari malformation, intradural and intramedullary pathologies, spinal cord dysraphism, CSF leaks and thoracic disc prolapses.

Adult/Paediatric A

Dr Sophie Molloy

MB BCh BAO FRCP MD

Consultant Neurologist

Special Interests Parkinson's disease and neurodegenerative disorders.

Adult/Paediatric A

Dr John Philip O'Dwyer

MA MD FRCP RAMC

Consultant Neurologist

Special Interests Epilepsy, headache, strokes, movement disorders and neurology.

Adult/Paediatric A

Mr Stuart Viegas

MBBS (Hons) DPhil FRCP

Consultant Neurologist

Special Interests General neurology; Neuromuscular disorders; Myasthenia gravis; Myositis

Adult/Paediatric A

Ophthalmology

Mr Riaz Asaria

BM MD FRCOphth

Consultant Ophthalmologist and Vitreoretinal Specialist

Special Interests Cataract surgery, eye trauma, macular degeneration treatment, medical and surgical retina and general ophthalmology. Urgent eye care and dry eye.

Adult/Paediatric A

Mr Graham Duguid

MD FRCS FRCOphth FRAeS

Consultant Ophthalmic Surgeon

Special Interests Medical and surgical retina, cataracts.

NHS Imperial College Healthcare NHS Trust (Western Eye Hospital)

Adult/Paediatric A

Mr Zine Elhousseini

MD FRCOphth

Consultant Ophthalmologist

Special Interests Diabetic eye disease, retina surgery, retinal detachment, medical retina, age related macular degeneration, cataract and refractive laser surgery.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Jason Ho

MBBS BSc (hons) FRCOphth

Consultant Ophthalmologist and Vitreoretinal Surgeon

Special Interests Vitreoretinal surgery (retinal detachments, macular holes, epiretinal membranes), cataract surgery, general and emergency ophthalmology.

NHS Prince Charles Eye Unit Windsor, Royal Berkshire Hospital, Hillingdon Hospital, Western Eye Hospital (Honorary)

Adult/Paediatric A

Miss Rajni Jain

FRCOphth

Consultant Ophthalmic Surgeon

Special Interests General ophthalmology, watery eyes, eyelid and lacrimal surgery, aesthetic eyelid surgery, paediatric ophthalmology.

NHS Hillingdon Hospital NHS Foundation Trust, Imperial College Healthcare NHS Trust

Adult/Paediatric A

Dr Nick Koutroumanos

MBBS FRCOphth PgC Clin Ed FHEA

Consultant Ophthalmologist and Oculoplastic Surgeon

Special Interests Adult and paediatric ophthalmic plastic and reconstructive eyelid, orbital and lacrimal surgery and aesthetic eye surgery.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Mr Richard Scawn

MBBS FRCOphth

Consultant Oculoplastic and Ophthalmic Surgeon

Special Interests Watery eyes, dry eyes, blepharitis, droopy eyelids, eyelid cancers entropion, ectropion, conjunctivitis, chalazion, cyst, thyroid eye disease, botox and cosmetic surgery.

NHS Chelsea and Westminster NHS Foundation Trust

Adult/Paediatric A

Mrs Sabrina Shah-Desai

MS FRCS (Ed)

Consultant Aesthetic Oculoplastic Surgeon

Special Interests: Aesthetic eyelid surgery (upper and lower lid blepharoplasty/eyelid lift/eye-bag surgery), asian eyelid surgery, droopy eyelid (ptosis) surgery, revision eyelid surgery, eyelid cancer reconstruction, ectropion and entropion. Non-surgical facial rejuvenation with fillers, botox and energy based treatments.

Adult/Paediatric: A

Ophthalmology

Mr Mukhtar Bizrah

BSc, MBBS, FRCOphth(UK), FRCSC(Canada), FEBO(Europe)

Consultant Cornea, Refractive and Cataract Surgeon

Special Interests Cataract and laser refractive surgeries, ICL surgery, cornea transplants (partial and full thickness), pterygium surgery, corneal collagen crosslinking with laser surface remodelling and advanced cornea diseases.

Adult/Paediatric A&P

Mr Saurabh Jain

MBBS FRCOphth FEBO

Consultant Ophthalmic Surgeon

Special Interests Cataract surgery, dry or watery eyes, paediatric Ophthalmology, squint, blepharitis, botox, nervous or anxious patients.

Adult/Paediatric A&P

Mr Stacey Strong

MD (Res) FRCOphth PGCE MBBS BSc (hons)

Consultant Ophthalmic Surgeon

Special Interests Medical retina, Age-related macular degeneration, Diabetic retinopathy, Retinal Vein Occlusion, Hydroxychloroquine monitoring, Choroidal naevus monitoring, Urgent Eye assessment, Eyelid cyst removal, Botox and filler treatments for facial aesthetics, Retinal laser treatments, Post-cataract laser treatment, Laser for glaucoma treatments

Adult/Paediatric A

Mr Robbie Walker

MA(Oxon) MBBS FRCOphth

Consultant Ophthalmologist

Special Interests Vitreoretinal surgery, macular hole, epiretinal membrane, retinal detachment, dislocated lens, diabetic complications, cataract surgery and emergency eye complaints.

NHS Western Eye Hospital, Imperial College Healthcare NHS Trust

Adult/Paediatric A

Mr Laurence Whitefield

MB BS Lond FRCOphth

Consultant Ophthalmic Surgeon

Special Interests Small incision cataract surgery, use of aspheric, toric and multifocal intraocular lenses. Retinal diseases including, diabetic retinopathy, age related macular degeneration and retinal vascular disease. Retinal laser and intraocular therapeutic injections, glaucoma, general ophthalmology.

NHS Kings College Hospital NHS Foundation Trust

Adult/Paediatric A

Orthopaedics (Foot & Ankle)

Mr Aria Ghassemi

MBBS MRCS FRCS MSc. Dip (Imperial College)

Consultant Orthopaedic Surgeon

Special Interests All foot and ankle complaints.

Adult/Paediatric A&P

Mr Matthew Solan

FRCS(Tr&Orth)

Consultant Orthopaedic Surgeon

Special Interests Foot and ankle complaints in adults and children. He has a particular interest in the treatment of stubborn heel pain. He established and runs the UK's first 'One-Stop' clinic for LFAC for heel and ankle problems such as ankle tendonitis and plantar fasciitis.

NHS Royal Surrey County Hospital

Adult/Paediatric A&P

Professor Mark Tagoe

BSc(Hons) MSc FCPodS

Professor

Special interests: Foot and ankle surgery along with lower limb sports injuries and diabetic limb salvage.

NHS Chelsea and Westminster Hospital NHS Foundation Trust (West Middlesex University Hospital)

Adult/Paediatric A

Orthopaedics (Hand & Wrist)

Mr Michael Elvey

MBBS BSc FRCS (Tr & Orth) Br Dip Hand Surg

Consultant Hand and Orthopaedic Surgeon

Special Interests Orthopaedic hand and upper limb surgery.

NHS Royal Surrey County Hospital

Adult/Paediatric A&P

Mr Maxim Horwitz

MBChB FRCS (Orth) DipHandSurg

Consultant Hand and Orthopaedic Surgeon

Special Interests Children: Common paediatric hand and wrist trauma. Congenital hand surgery. The treatment of hands in people with cerebral palsy, brain and spinal cord injury. Adults: Hand and upper limb trauma including fractures and tendon injury. Arthritis, sports injuries, tendon injury and more (see website).

NHS Chelsea and Westminster NHS Foundation Trust

Adult/Paediatric A&P

Mr Alistair Hunter

MA MBBS MSc FRCS (Tr&Orth) FHEA

Dip Hand Surg

Consultant Orthopaedic Surgeon

Special Interests All hand, wrist and elbow conditions including fractures, carpal tunnel, syndrome trigger finger, arthritis, sports injuries and Dupuytren's.

NHS University College London Hospital NHS Foundation Trust

Adult/Paediatric A&P

Mr Daniel Shaerf

MBBS BSc MRCS FRCS(Tr&Orth)

Consultant Hand and Orthopaedic Surgeon

Special Interests All conditions of the hand and wrist, including trauma (fractures of the forearm, wrist, scaphoid, hand), ligament injuries and skier's thumb. Nerve entrapments, open/endoscopic carpal tunnel release and cubital tunnel release. Tendon disorders, Dupuytren's contractures, hand and wrist arthritis and joint replacements of the thumb, hand and wrist, including joint fusion and steroid injections.

NHS London North West University Healthcare NHS Trust

Adult/Paediatric A&P

Mr Elliot Sorene

MBBS FRCS (Tr and Orth) EDHS

Consultant Hand and Upper Limb Surgeon

Special Interests Hand, wrist and elbow surgery, trauma and elective in both adults and paediatrics. Arthritis surgery, joint replacements, arthroscopic surgery and reconstruction surgery.

Adult/Paediatric A&P

Miss Lauren Uppal

MBChB MRCS FRCS(Plast) Dip Hand Surg

Consultant Plastic Surgeon

Special Interests Hand surgery (Dupuytren's, carpal tunnel syndrome, cubital tunnel syndrome, ganglions, trigger fingers, rheumatoid arthritis, osteoarthritis, Raynaud's). Hand trauma (tendon and nerve repair/reconstruction, fracture fixation, post trauma reconstruction for impaired hand function). Skin surgery (moles, cysts, lipomas, skin cancer, scar revision). Aesthetic surgery (tummy tuck, breast surgery, prominent ears, eyelid surgery, botox, fillers).

Adult/Paediatric A&P

Orthopaedics (Hip & Knee)

Mr Ghias Bhattee

MBBS MRCS FRCS (Tr&Orth)

Consultant Orthopaedic Surgeon

Special Interests All aspects of knee surgery including sports ligament and arthroscopic surgery (primary to revision) and realignment osteotomy. Primary to revision knee replacement and primary hip replacement.

NHS London North West University Healthcare NHS Trust

Adult/Paediatric A

Mr Parag Kumar Jaiswal

BSc MBBS MRCS MD(Res) FRCS(Tr&Orth)

Consultant Trauma and Orthopaedic Surgeon

Special Interests All aspects of hip and knee problems. A special interest in joint preservation techniques to manage young adult hip and knee pain and minimally invasive hip and knee replacements and revision surgery. Complex trauma in the leg and sports injuries..

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Mr Amer Khan

BSc(Hons) MBBS FRCS FRCS(Tr&Orth)

Consultant Orthopaedic Surgeon

Special Interests Knee surgery, sports injuries, arthroscopic, ACL, meniscus, cartilage, arthritis, replacement. Shoulder surgery, sports injuries, instability, arthritis and frozen shoulder. Joint preservation surgery, non surgical management, meniscus transplantation and complex revision knee and shoulder surgery.

Adult/Paediatric A

Mr Sujith Konan

MBBS MD(res) MRCS FRCS(Tr&Orth), Honorary Associate Professor (UCLH)

Consultant Orthopaedic Surgeon

Special Interests Hip and knee arthroplasty, revision surgery and sports surgery.

NHS University College London Hospital NHS Foundation Trust

Adult/Paediatric A&P

Mr Alex Liddle

MBBS DPhil FRCS(Orth)

Consultant Orthopaedic Surgeon

Special Interests Knee and hip surgery, specialising in arthroscopic knee surgery, partial, primary and revision knee replacement and primary and revision hip replacement.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Mr Nimalan Maruthainar

BSc (Hons) MBBS FRCS(Tr&Orth)

Consultant Trauma and Orthopaedic Surgeon

Special Interests General orthopaedics and trauma, hip replacement, knee replacement, revision joint replacement and soft tissue knee surgery. Special interest in lysosomal storage disorders and lowe syndrome.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Satyajit Naique

MS Orth FCPS-Orth Dip.Orth

Consultant Orthopaedic Surgeon

Special Interests Hip and knee arthroplasty, complex trauma, limb reconstruction and lengthening. Robotic guided (Navio) knee replacements, open fractures, bone infections, failed fixations and non-union surgery. Circular external fixation (Ilizarov), bone loss managements, deformity correction and more (see website).

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Mr James Youngman

MBBS FRCS (Orth)

Consultant Trauma and Orthopaedic Surgeon

Special Interests Trauma, foot and ankle, hip and knee surgery, sports injuries and deformity correction.

NHS University College London Hospitals NHS Foundation Trust

Adult/Paediatric A&P

Orthopaedics (Hip & Knee)

Mr Harold Nwaboku

MBBS FRCSed FRCSeng FRCS (Tr & Orth)

Consultant Orthopaedic Surgeon

Special Interests Preservation treatments for hip & knee arthritis, stem cell and prp treatments for hip disorders, arthroscopy, replacement, revision replacement, trauma. preservation treatments for knee arthritis, ACL reconstruction, meniscus repair or resection and more (see website).

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Akash Patel

BSc (Hons) MBBS MRCS MSc FRCS (Tr and Orth), Associate Professor (UCL)

Consultant Sport, Trauma and Orthopaedic Surgeon

Special Interests Hip, knee and sports surgery. Hip and knee injections, arthroscopy and replacement. Knee ligament reconstruction.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Mr Joyti Saksena

BMSc (Hons) MBChB MRCS FRCS (Tr & Orth)

Consultant Hip, Knee and Sports Surgeon

Special Interests All conditions of the hip and knee, lower limb sports injuries.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Mr Ian Sinha

MBBS BSc Hons DIPSEM FRCS (Tr&Orth)

Consultant Trauma and Orthopaedic Surgeon

Special Interests Complex orthopaedic fractures, limb reconstruction (circular frames, bone transport, masquelet technique), rib fracture fixation, computer navigated knee replacement, knee ligament reconstruction (anterior cruciate ligament reconstruction (ACL) and more (see website).

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A&P

Orthopaedics (Shoulder & Elbow)

Mr Edward Ibrahim

MBBS BSc(Hons) FRCS(Tr&Orth) Med DIC

Consultant Orthopaedic Surgeon

Special Interests Shoulder and elbow surgery, upper limb peripheral nerve surgery.

NHS Chelsea and Westminster Foundation Trust

Adult/Paediatric A

Mr Abbas Rashid

BSc(Hons) MBBS FRCS(Tr&Orth)

Consultant Elbow and Shoulder Surgeon, Honorary Associate Professor UCL

Special Interests Evidence based treatment of elbow and shoulder trauma, sports injuries and degenerative conditions.

NHS University College London Hospitals NHS Foundation Trust

Adult/Paediatric A&P

Mr Dimitrios Tsekas

FRCS(orth) FEBOT MSc

Consultant Trauma and Orthopaedic Surgeon

Special Interests Shoulder sports injuries, shoulder replacement, arthroscopic rotator cuff repair, arthroscopic stabilisation procedures, cartilage injuries treatment, fracture clavicle, acromioclavicular joint injuries, fracture shoulder, fracture elbow and more.

Adult/Paediatric A

Orthopaedics (Spine)

Mr Bob Chatterjee

MBBS MRCS MSc(Distinction) FRCS(Tr&Orth)

Consultant Spinal Surgeon

Special Interests Treatment without surgery, minimally invasive surgery, sports injuries, spinal problems in the elderly and complex spinal reconstruction.

Adult/Paediatric A&P

Mr Nicholas Haden

MA (Cantab) MB BChir

Consultant Neurosurgeon

Special Interests Minimally invasive and navigated spinal surgery, craniovertebral pathologies, Chiari malformation, intradural and intramedullary pathologies, spinal cord dysraphism, CSF leaks and thoracic disc prolapses.

NHS Royal National Orthopaedic Hospital, London

Adult/Paediatric A

Mr Jan Herzog

MSc

Consultant Orthopaedic and Spinal Surgeon

Special Interests Spinal deformity (scoliosis, kyphosis), degenerative pathologies of the spine, computer navigation in spinal surgery, spinal disease.

NHS Royal National Orthopaedic Hospital NHS Trust

Adult/Paediatric A&P

Mr James Langdon

BSc (Hons) MB BS MRCS (Eng) FRCS (Orth)

Consultant Orthopaedic Spinal Surgeon

Special interests Sciatica and disc prolapse. Spinal stenosis. Spinal decompression and microdiscectomy surgery. Vertebral compression fractures. Low back pain. Disc degeneration. Minimally invasive spinal surgical techniques.

NHS West Hertfordshire Teaching Hospitals NHS Trust

Adult/Paediatric A

Mr Reza Mobasheri

BSC MB BS FRCS

Consultant Orthopaedic Surgeon

Special Interests Back pain, neck pain, sciatica, brachialgia, spinal stenosis, spinal fractures and orthopaedic injuries.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Nitin Shetty

MBBS Ms MRCS M.Phil FRCS

Consultant Spinal Surgeon

Special Interests Minimally invasive spinal surgery, back pain, sciatica, degenerative spinal conditions and disk replacement.

NHS Whittington Health NHS Trust

Adult/Paediatric A

Paediatrics

Dr Badr Chaban

MD MSc MRCPCH

Consultant Neonatologist and Paediatrician

Special Interests Development and neurology, general problems affecting infants, growth, nutrition, respiratory infection and vaccination.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric P

Dr Mike Coren

BSc MB BS MRCP FRCPCH

Consultant Paediatrician

Special Interests General paediatrics, endocrinology and respiratory problems in children.

Adult/Paediatric P

Dr Warren Hyer

FRCPCH MRCP

Consultant Paediatric Gastroenterologist

Special Interests Paediatric gastro, nutrition, food allergy, reflux, abdominal pain, constipation, infant crying, cows milk allergy, rectal bleeding.

NHS Chelsea & Westminster Hospital NHS Foundation Trust

Adult/Paediatric P

Dr Piyusha Kapila

BSc MBChB (Man) MD (Lon) FRCPCH

Consultant Paediatrician

Special Interests Paediatric and adolescent Endocrinology, Diabetes (MDT pump therapy offered). Other disorders affecting children and young people (general paediatrics) and new born babies (neonates).

NHS North Middlesex University Hospital NHS Trust

Adult/Paediatric P

Dr Michael Markiewicz

BSc MB BS FRCP(UK) FRCPCH

Consultant Paediatrician

Special Interests Any general paediatric problem including children with rheumatological disorders, asthma, and complex allergies.

NHS Chelsea & Westminster Hospital NHS Foundation Trust

Adult/Paediatric P

Dr Wolfgang Muller

MRCP FRCPCH

Consultant Paediatrician

Special Interests Respiratory, allergy and general paediatrics.

NHS London North West University Healthcare NHS Trust (Northwick Park Hospital)

Adult/Paediatric P

Dr Lee Noimark

MRCPCH MBBS MSc BSc

Consultant Paediatrician (General and Allergy)

Special Interests General paediatrics and paediatric allergy.

NHS Barts Health NHS Trust

Adult/Paediatric P

Pain Management

Dr Joseph Azzopardi Consultant Pain Medicine and Anaesthesia

Special Interests Interventional pain management, degenerative spine disease (neck and back pain), headache, facial pain, neuropathic pain, complex regional pain syndrome, neuromodulation (spinal cord stimulation, peripheral nerve stimulation and intrathecal drug delivery), interventional treatments for cancer pain control

NHS Guy's and St Thomas' NHS Foundation Trust

Adult/Paediatric A

Plastic Surgery

Mr Stephen Hamilton

MB ChB FRCS (Glas) FRCS (Edin) MD FRCS (Plast)

Consultant Plastic Surgeon

Special Interests Cancer reconstruction (including skin cancer, head and neck and breast cancer), skin cancer management, microsurgery, aesthetic surgery.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Mr Mark Ho-Asjoe

MB.Bch FRCS FRCS(Plast)

Consultant Plastic Surgeon

Special Interests Breast and body contouring, facial aesthetic, microsurgical reconstruction and Asian aesthetic.

NHS Guy's and St Thomas' NHS Foundation Trust

Adult/Paediatric A

Mr Alex Karidis

MD FRCS

Consultant Plastic Surgeon

Special Interests Plastic and cosmetic surgery.

Adult/Paediatric A

Mrs Jacqueline Lewis

FRCS (Glasg) FRCS (Plast)

Consultant Plastic Surgeon

Special Interests Breast cancer conservation surgery and reconstruction, mastectomy and reconstruction (implants, flaps, nipple-areola reconstruction and tattooing), sentinel node biopsy, axillary surgery, benign breast lumps, skin lesions. Breast augmentation, and more (see website).

Adult/Paediatric A

Plastic Surgery

Mr Dariush Nikkhah

BM MSc FRCS (Plast)

Consultant Plastic Surgeon

Special Interests Cosmetic surgery, hand surgery, microvascular surgery, breast reconstruction.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Miss Joy Odili

MBChB MD FRCS (Plast)

Consultant Plastic Surgeon

Special Interests Consultant plastic, reconstructive and aesthetic surgery, skin cancer, melanoma and ear reconstruction.

NHS St George's Healthcare NHS Trust

Adult/Paediatric A&P

Mr Raj Ragoowansi

MB MSc FRCS (Plast)

Consultant Plastic, Aesthetic and Hand Surgeon

Special Interests General plastic surgery including skin lesions and soft tissue trauma. Hand surgery, including peripheral nerve compression, benign hand swellings and Dupuytren's. Aesthetic surgery including breast, body contouring and post pregnancy soft tissue rebalancing.

NHS Barts Health NHS Trust

Adult/Paediatric A&P

Dr Jesper Sorensen

MD PhD

Consultant Plastic Surgeon

Special Interests Facial aesthetic surgery, facial reconstructive surgery, facelift, neck lift, brow lift, eyelid surgery, fat grafting, customised facial implants, treatment for facial asymmetries and facial palsy.

Adult/Paediatric A

Mr Neil Toft

BSc MBChB MD FRCS(Plast)

Consultant Plastic and Hand Surgeon

Special Interests Moles, skin cancer, and hand surgery.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Miss Lauren Uppal

MBChB MRCS FRCS(Plast) Dip Hand Surg

Consultant Plastic Surgeon

Special Interests Hand surgery (Dupuytren's, carpal tunnel syndrome, cubital tunnel syndrome, ganglions, trigger fingers, rheumatoid arthritis, osteoarthritis, Raynaud's). Hand trauma (tendon and nerve repair/reconstruction, fracture fixation, post trauma reconstruction for impaired hand function). Skin surgery (moles, cysts, lipomas, skin cancer, scar revision). Aesthetic surgery (tummy tuck, breast surgery, prominent ears, eyelid surgery, botox, fillers).

NHS Guy's & St Thomas' NHS Foundation Trust

Adult/Paediatric A&P

Mr Simon Withey

MS FRCS FRCS(Ed) FRCS(Plast)

Consultant Plastic and Reconstructive Surgeon

Special Interests Chest and abdominal wall reconstruction, cosmetic and reconstructive surgery, non-surgical treatments and skin cancer surgery.

NHS Barts Health NHS Trust, Royal Free London NHS Foundation Trust

Adult/Paediatric A&P

Plastic Surgery

Mr Kuen Yeow Chin

MBCHB, MSC, FRCS (PLAST)

Consultant Plastic Surgeon

Special Interests In addition to a special interest in skin cancer management and being the Skin Cancer Lead for Frimley Park Hospital, Mr Chin has a varied practice with interests in cosmetic surgery, reconstructive surgery, hand surgery and trauma surgery.

Adult/Paediatric A&P

Mr Matt Ives

BSc MBBS FRCS(Plast)

Consultant Plastic, Reconstructive and Hand Surgeon

Special Interests Hand surgery (elective and trauma), extremity reconstruction, traumatic skin loss, burn care, scar revision and nerve surgery.

Adult/Paediatric A&P

Mr Richard Scawn

MBBS FRCOphth

Consultant Oculoplastic and Ophthalmic Surgeon

Special Interests Watery eyes, dry eyes, blepharitis, droopy eyelids, eyelid cancers entropion, ectropion, conjunctivitis, chalazion, cyst, thyroid eye disease, botox and cosmetic surgery.

Adult/Paediatric A

Mrs Sabrina Shah-Desai

MS FRCS (Ed)

Consultant Aesthetic Oculoplastic Surgeon

Special Interests Aesthetic eyelid surgery (upper and lower lid blepharoplasty/eyelid lift/eye-bag surgery), asian eyelid surgery, droopy eyelid (ptosis) surgery, revision eyelid surgery, eyelid cancer reconstruction, ectropion and entropion. Non-surgical facial rejuvenation with fillers, botox and energy based treatments.

Adult/Paediatric A

Mr Tomas Tickunas

MD FRCS Plast DipHandSurgEur

Consultant Plastic, Orthoplastic and Hand Surgeon

Special Interests Adult and Paediatric Hand Surgery (Elective and Trauma), general Plastic Surgery (including correction of deformities, removal of lesions including skin cancer), Paediatric Plastic Surgery and Complex Microvascular Reconstruction (Lower Limb, Major trauma, Hand, Chest reconstruction).

Adult/Paediatric A&P

Podiatry

Mr Antony Kontos

BSc(Hons) MSc DPodM FRCPodS FFPM
RCS(Glasg)

Consultant Podiatric Surgeon

Special Interests Orthotics, footwear and day case surgery. Podiatry and diabetic foot problems.

Adult/Paediatric A

Professor Mark Tagoe

BSc(Hons) MSc FCPodS

Consultant Podiatric Surgeon

Special Interests Foot and ankle surgery along with lower limb sports injuries and diabetic limb salvage

Adult/Paediatric A

Mr Julian Livingstone

BSc, FRCPodM, FFPM RCPS(Glasg)

Consultant Podiatrist

Special Interests Developing foot of children but provide care from birth to old age.

Adult/Paediatric A&P

Psychiatry

Dr Vimal Sivasanker

MA MBBS FRCPsych

Consultant Psychiatrist

Special Interests Ketamine treatment, depression, bipolar disorder, anxiety and panic disorders, obsessive-compulsive disorder and psychotic illness.

Adult/Paediatric A

Respiratory Medicine

Professor Margaret Johnson

MD FRCP

Consultant Respiratory Physician

Special Interests Respiratory infection, long-COVID, post-COVID cough, breathlessness, tuberculosis, HIV, COPD, asthma, ILF, lung cancer, bronchiectasis.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Dr Dan Ornadel

MA MD FRCP

Respiratory Consultant

Special Interests Cough, breathlessness, asthma, lung cancer, 'Long-COVID', chest pain, COPD, sleep apnoea, bronchoscopy and EBUS..

NHS Northwick Park Hospital, London North West University Healthcare NHS Trust

Adult/Paediatric A

Rheumatology

Dr Huw Lewis Clarke Beynon

BSc MD FRCP

Consultant Rheumatologist

Special Interests All aspects of general rheumatology, general medicine, sarcoidosis and vasculitis.

Adult/Paediatric A

Dr Colin Tench

MB BChir MA MD FRCP

Consultant Rheumatologist

Special Interests Gout, rheumatoid arthritis, lupus, Sjogren's syndrome, osteoarthritis, osteoporosis, back pain, joint and soft tissue injections.

Adult/Paediatric A

Dr Richard G. Rees

MBBCh FRCP

Consultant Rheumatologist

Special Interests All adult rheumatology. inflammatory arthritis, OA, gout, osteoporosis, joint and soft tissue injections, spinal pain.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Dr Benjamin Schreiber

MBBS MA MD FRCP

Consultant Rheumatologist

Special Interests General rheumatology, connective tissue diseases, osteoporosis, joint injections and adolescent rheumatology.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Rheumatology

Dr Gayatri Mittal

MBBS MD PhD MRCP

Consultant Rheumatologist

Special Interests Rheumatoid arthritis, inflammatory rheumatic disorders, ankylosing spondylitis, spondyloarthritis and gout. Connective tissue disease, vasculitis, osteoarthritis, osteoporosis, soft tissue rheumatism and hypermobility.

Adult/Paediatric A

Sports Medicine

Dr James Thing

MBBS BSc MRCP FFSEM

Consultant Sport and Exercise Medicine

Special Interests Hand and wrist injury, upper limb injury/pathology (including frozen shoulder, impingement, tennis elbow and osteoarthritis, lower limb tendon disorders, musculoskeletal ultrasound and ultrasound-guided injection and more (see website).

NHS Barts Health NHS Trust

Adult/Paediatric A&P

Stroke

Dr Sageet Amlani

MBChB Oxon, MRCP

Consultant in Stroke Medicine

Special Interests Stroke acute and rehabilitation, transient ischaemic attack (TIA), geriatric medicine.

NHS Barts Health NHS Trust (Royal London Hospital)

Adult/Paediatric A

Dr Sushen Bhattacharyya

MBBS (Gold Medal) DTM&H (Gold Medal) FRCP

Consultant Geriatric and General Medicine

Special Interests Geriatric medicine, orthogeriatrics, perioperative medicine, acute general medicine and neuro-rehabilitation.

NHS London North West University Healthcare NHS Trust (Northwick Park Hospital)

Adult/Paediatric A

Professor Jeremy Chataway

MA PhD FRCP

Consultant Neurologist

Special Interests General neurology including headache, stroke, multiple sclerosis..

NHS National Hospital for Neurology and Neurosurgery

Adult/Paediatric A

Dr Shane Roche

MB FRCP

Consultant General Medicine

Special Interests Geriatric medicine, general medicine, dementia, falls, stroke, domiciliary visits, Parkinson's disease and rehabilitation.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Urology

Mr Leye Ajayi

MBBS MD FRCS FRCS (Urol)

Consultant Urological Surgeon

Special Interests Adult urology, rapid access, one stop haematuria and prostate assessment. Laser surgery for stone disease, lithotripsy and andrology, erectile dysfunction and female incontinence.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Andrew Ballaro

MD FRCS(urol)

Consultant Urological Surgeon

Special Interests All adult general urological problems, comprehensive management of stone and prostate disease including laser surgery and ESWL for complex stones and HoLEP for the enlarged prostate.

NHS Barking Havering and Redbridge NHS Trust

Adult/Paediatric A

Urology

Mr Sudhanshu Chitale

FRCS (Urol) FEBU DNB (Urol) Diploma Urol (LON) FRCS (Eng) FICS MS (Gen Surg) MBBS

Consultant Urological Surgeon and Andrologist

Special Interests Prostatic diseases including cancer, prostatitis, male sexual dysfunction including Peyronie's disease, circumcision, vasectomy, haematuria, PSA, bladder cancer, urethral stricture and kidney stones.

NHS Whittington Health NHS Trust

Adult/Paediatric A&P

Mr Simon Choong

MBBS FRCS (Eng) FRCSEd MS FRCS (Urol)

Consultant Urologist

Special Interests Practices general urology. Specialises in kidney stones, lithotripsy, prostate and bladder diseases, urinary tract infections and haematuria (blood in urine).

NHS University College London Hospitals NHS Foundation Trust

Adult/Paediatric A&P

Dr Vibhash Mishra

Hon. Associate Professor, UCL

Consultant Urologist

Special Interests Bladder dysfunction, urinary incontinence, UTIs, BPH, haematuria, peno-scrotal surgery, urodynamics, neurourology and lower urinary tract symptoms.

NHS Royal Free London NHS Foundation Trust

Adult/Paediatric A

Mr Jeremy Ockrim

MD BSc(Hon) FRCS(Urol)

Consultant Urologist

Special Interests Female and reconstructive urology and urinary incontinence, UTI, pelvic organ prolapse, pelvic and bladder pain syndromes. Functional urology and urodynamics, investigation of haematuria (blood in the urine), prostate assessment and more (see website).

NHS University College London Hospitals NHS Foundation Trust

Adult/Paediatric A

Vascular Surgery

Mr Colin Bicknell

BM MD FRCS

Consultant Vascular Surgeon

Special Interests Vascular surgery, arterial and venous. Vascular conditions including arterian, venous, lymphatic and thoracic outlet syndrome. Vascular screening and lifestyle changes.

NHS Imperial College Healthcare NHS Trust

Adult/Paediatric A

Mr Pranav Somaiya

FRCS PhD

Consultant General and Vascular Surgeon

Special Interests Full range of vascular conditions that require surgical and medical attention, including aortic, carotid artery, upper limb arterial and lower limb arterial, lymphatic, and venous disease. Special interests include stroke surgery as well as problems caused due to diabetes.

NHS London North West University Healthcare NHS Trust
